

# PDM STUDIO

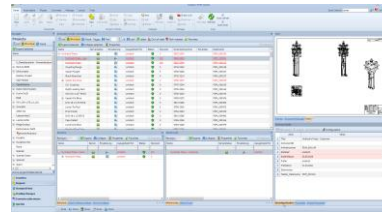

## ERP INTEGRATION

### ERP

Information and processes within the company, e.g.

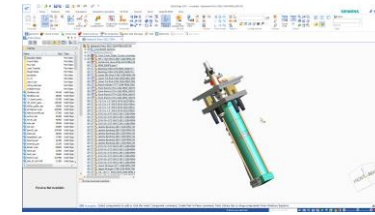

- Article management (rules, processes)
- Parts lists (CAD + other sources)
- Quotations and orders
- Work orders
- Warehouse management

### PDM STUDIO

Data and documents for product development, e.g.

- CAD documents
- Office, PDF, images
- Life cycle (editing, approval, revision, archiving)
- Automatic processes

### CAD

Application for product development, e.g.

- 3D models (individual parts and assemblies)
- 2D drawings
- Parts lists
